EXPERTISE

- JavaScript
- React.js
- Next.js
- Node.js
- Express.js
- Tailwind CSS
- Bootstrap
- MySQL, MongoDB
- Rest API, Firebase
- OOPS
- Libraries & Frameworks

EXPERIENCE

Qist Bazaar.pk - Mid-Level-Developer (MERN)

Nov-2024 to Present

- Collaborate closely on a daily basis with the Development Team Lead to ensure seamless project progression.
- Design, develop, and maintain robust web applications utilizing the MERN stack.
- Work in conjunction with the development team to implement new features and system enhancements.
- Write clean, efficient, and well-documented code that adheres to best practices.
- Participate in code reviews, offering constructive feedback to enhance the quality of the codebase.
- Identify, troubleshoot, and resolve issues as they arise.
- Stay informed about the latest trends and advancements in web development technologies.
- Perform other tasks as assigned by the Team Lead.
- Take ownership of delivering high-quality, full-stack web applications.

CreativeSquad Inc - Mern Stack Developer

June-2024 to Nov-2024

- Work closely 1 to 1 with the Development team lead daily.
- Develop and maintain web applications using the MERN stack
- Work closely with the development team to implement new features and enhancements
- Write clean, efficient, and well-documented code
- Participate in code reviews and provide constructive feedback
- Troubleshoot and debug issues as they arise
- Stay up-to-date with the latest web development trends and technologies
- Perform other assigned duties by team lead
- Responsible for delivering full-stack web applications

CreativeSquad Inc - Mern Stack Developer (Internship)

April-2024 to June-2024

- Develop and maintain web applications using the MERN stack.
- Implement new features and enhancements with the team
- Write clean, efficient, and well-documented code.
- Troubleshoot and resolve application issues.
- Stay updated with the latest web technologies
- Deliver full-stack web solutions, ensuring seamless integration

EDUCATION

Sir Syed University of Engineering & Technology

Bachelor's in Software Engineering
2020-2023

Jinnah Govt. College Nazimabad

Intermediate
2019

CERTIFICATIONS

Great Learning Academy

Certification of Completion (React.js)

The Expert's Academy

Certification of Completion (MS Office
365)

SKILLS SUMMARY

Front-end  95%

Back-end  70%

PROJECTS

Qist Bazaar.pk

Developed & implement new features in the Qist Bazaar.pk website from all frontend aspects, then integrated the API completely, creating the entire web using Next JS app router, SSR, Ant design, Node JS & MySQL

link: <https://qistbazaar.pk/>

Admin Dashboard of Qist Bazaar.pk

Developed the admin dashboard using Next.js, Ant Design, and React Charts to display comprehensive data through interactive charts, graphs, and visual elements.

Digital Agency CreativeSquad Inc

I developed a dynamic digital agency website using React.js and Bootstrap for a responsive frontend. For the backend, I implemented Node.js, Express.js, and MongoDB to ensure robust functionality and seamless data management. I also used Postman to implement and test APIs, ensuring smooth integration between the frontend and backend.

Raza Foundation: Proud Partner of Saylani NGO

I designed and developed the complete portal system for Raza Foundation, focusing on frontend design and user experience. I implemented the backend using Node.js, Express.js, and MongoDB, ensuring seamless functionality and data management. I also built APIs to enable smooth communication between the frontend and backend.
